Work Through It™

Five principles to work through real life in real time.

1 Meet the Moment

Be clear about what's happening.

2 Think It Through

Clarify the objective, requirements, and roles.

3 Find the Fit

Determine where it fits with your time, energy, and resources.

4 Think of Another Way

Create workable options.

5 Own Your Decision

Commit, follow through, and adjust responsibly.

Capabilities

- Situational awareness
- Critical thinking
- Practical prioritization
- Adaptive problem-solving
- Responsible decision-making

Outcomes

- Faster time to productivity
- Greater independence and ownership
- Stronger workplace communication and collaboration
- Higher-quality execution and follow-through
- Improved early-career performance and readiness for advancement
